

Dear Sir or Madam,

You are invited to attend the paralympic training camp to be held in Rushcliffe, Nottingham during August 2008. The primary aim of the camp is to support Lee Fawcett's training and preparation for the Beijing Paralympics in September.

In addition other members of the GB wheelchair fencing squad will be in attendance for coaching and training with the national coach for wheelchair fencing Laszlo Jakab.

We are looking for advanced and intermediate able bodied foilists and particularly sabreurs to fence with Lee and his team mates to provide them with a challenge in preparation for the Olympics and future events.

We have at least two wheelchair frames available and expect to also run two electric pistes. This should provide plenty of capacity for both training and practice matches throughout the three weekends for all participants. Two badminton courts are available for all sessions and we have four badminton courts available for the final weekend.

In addition to contributing to Great Britain's Olympic preparations this camp offers fencers within the East Midlands the chance to try wheelchair fencing and at the same time learn more about wheelchair fencing competition and coaching.

Attendance at this camp is free and lunch will be provided for those attending the Saturday and Sunday sessions. We are also working on a series of social events for the Saturday evenings.

Regards

Nottingham City Fencing Club
